# Leadership in the Connection Economy

Certificate issued by NWU

This programme, with an exclusive leadership focus, is unique in design and implementation.

It equips leaders to lead, think and behave differently in order to make a profound difference in their teams and in their organisations.

The content is science-based, the learning experience is intense and the leadership skill developed of practical value. It is a challenging, sophisticated and an extensive developmental experience at a full professional level in respect of leadership theory and practice.

It culminates in a presentation made to the senior management on a project based on systems thinking.

The programme is quality assured by NWU Business School.

# Programme structure and content

"I found the programme extremely insightful and believe that this will significantly contribute to my personal growth as a leader. I strongly recommend this programme to anybody who wants to step up!! My only regret is that I did not have this opportunity earlier in my life"

"Possibly the most intensive, insightful and necessary leadership programme I have attended. Especially with regards to personal development, growth and awareness."

" This programme really challenged my thinking about leadership and my role as a leader. The four focus areas helped me to develop different aspects of my leadership and I feel that I am better rounded as a result."

"A life changing experience, building insight in who I am as a leader, and what the requirements for functioning in the connection economy are."
